HEAR SEVERAL MORE WITNESSES

The inquest in the death of Motor-
man James Christie was held today
before Acting Coroner Rose.

Prosecuting Attorney Brookes and
Dr. G. P. Ikert examined the witnesses.
J. C. Thompson was the first wit-
ness and he spoke of a number of
trips he had made on the line, and
all but one trip had been made with
Christie as motorman. He said he
had talked to Christie in regard to the
safety. After Dr. Ikert began ques-
tioning him he stated that all trips
made with Christie were satisfactory,
but that on one occasion his wife be-
came apprehensive and nervous be-
cause the car went down the hill a
little faster than usual.

C. A. Allison stated that he had been
a motorman on the line for six years.
He said he had run No. 7 often and it
went all right when he run it, but it
was a new car then. He said it was
a single truck car and he would not
consider such a car a safe one on such
a grade.

He stated that a stick of timber was
no good on a slipping rail, but was all
right on a dry rail, but on a dry rail
it would not be needed. He said a
motor would not hold the car on a
slippery rail.

James McKinnon testified that he
had been seven or eight years in the
street car business and he would not
consider the log a modern appliance
for stopping a car. He said the
wrecked car was a second-hand car
when it came here. With the best
motors in the world and brakes in per-
fect order, in his opinion, it would be
a car without modern improvements.

James Allison stated that he had
operated No. 7 and had never had any
trouble with the car. He stated that
there was a timber on the car, but he
had never used it. He would not con-
sider it a modern appliance on a slip-
pery track. He would consider that
car a safe car to operate. He stated
that Christie was the best motorman
on the road. He said the timber would
only stop the car when there was
something to catch on, and he did not
think it was a modern improvement.

William Coleman, inspector at the
power house, and said his duties were
to look after the machinery and re-
pairs to the cars. He said he under-
stood the construction of motor cars
and that the cars on the East Liver-
pool line had as good and modern im-
provements as any other line. He
stated that No. 7 was always a good
car, and when it was put on the ex-
tension it was better than ever. He
fixed the timber at the front of the
car at the order of Mr. Healy. He said
he would consider it a pretty steep
grade up the Calcutta road and thought
the car was well enough equipped to
run on that grade.

He said it was a hard matter to get
anything to stop a runaway on a

grade with a slippery rail, and the
use of salt was rather a detriment
than otherwise.

In answer to questions of Dr. Ikert
he stated that any car in the world
would have met with the same fate,
and he never heard of a grip being
used with any success.

Thomas Jones testified that he had
run car No. 7 one evening on the
Grandview line and he had no trouble
in controlling the car.

He told of the supposed safety de-
vice and said it was an ordinary street
car tie. He let it down once, but it
had no effect. Christie told him he
had used it once to satisfy himself,
and it had worked. He would not say
whether it was a modern appliance.
Jones said they used from 10 to 20
buckets of sand per day on the line.

Harry Smith stated that he made
one trip down. He said the device
was a peculiar invention to East Liver-
pool and on hilltop lines in Pitts-
burg there are cut off switches and
the outside rail on curves is always
elevated. He said he did not ride
down as often as he did up, because
he did not consider it safe to do so.
He said he had communicated his fears
to his wife.

Gus Brandenburg said he had been
a motorman for 14 years and had spent
three years in Cleveland and three
years in Boston in the business. He
had operated car No. 7 and it was per-
haps better than the local cars, as all
the men preferred it. He had never
worked on the Calcutta extension, but
knew the superintendent had given
orders to have extra care taken of
car No. 7 each evening. He stated
that if anything was above the rail
to catch the timber it would be all
right, but if not it was no good.

Joseph Herner said he lived 60 feet
from the scene of the accident and
on Monday heard the car approach-
ing. It was going so fast he could not
see any one in it. He saw the stick of
timber at the curb with wheel marks
on it. He also stated that the timber
acted as a bridge to help the car
over.

J. T. Smith said he was accustomed
to riding up and down on the car. He
described the brakes and trucks of
the car and said Christie had told him
about them. He said Christie had
told him the car was safe, being light
and equipped with powerful motors.
He always considered Christie a very
careful man, and he always seemed
to have perfect control of the car.
One wet morning Christie told him
they were having some trouble on
account of wet tracks. The witness
then stated that he would not con-
sider it a safe or modern car. He
said if there had been room to let the
log run under the wheels it would
have been some good, but the way it
was, it was useless unless the bricks
stuck up. With the conditions the
way they were Monday the log would
not have stopped the car unless it hit
an obstruction. The car was going
so fast the inmates could not be seen.
He could not tell whether the motor-
man was killed when the car hit the
shoe shop or at the house. The wit-
ness also said the outer rail at the
curve was not elevated. He stated
that he thought a double truck car
would make the line safe.

Court adjourned at 12:30 o'clock un-
til 3 o'clock this afternoon when the
inquest will be continued.

Dr. W. R. Clark, Mrs. Harry Smith,
Mrs. M. R. McKinnon, Mrs. Charles
McKee, Dr. R. J. Marshall, L. W.
Healy and Chief Morley are to be ex-
amined this afternoon.

Conductor James Morgan is unable
to be present at the inquest.

—Robert McBane, of Pittsburg, is a
guest at the home of Mr. and Mrs.
T. Mills Bennett, Avondale street.

JURY NOW HAS THE BRUNT CASE

The Evidence Was All In Yester-
day Afternoon and the Argu-
ments Were Made

AT THIS MORNING'S SESSION

Brunt Testified In His Own Be-
half and Told the Story of
the Tragedy.

JUDGE HOLE MADE A RULING

Lisbon, Dec. 20.—(Special.)—The
case of W. K. Gaston, administrator,
against George F. Brunt, which has
been on trial since noon Tuesday, was
given to the jury at 7:10 last even-
ing. The final evidence was put in
about 3 o'clock and two hours were
allowed to a side for argument.

The defendant, George F. Brunt,
was put on the stand about 2 o'clock
and the direct examination was made
by Attorney W. S. Anderson, of
Youngstown, and Judge P. M. Smith
subjected him to a rigid cross-exami-
nation.

On direct cross-examination Brunt
stated that on October 22, 1898, he
hired Lee to work for him and that he
worked less than two months when
he was discharged because he would
not attend to business.

"I was expecting a horse by freight
on the day I discharged him," said
Mr. Brunt, "and on going to the barn
found Lee in bed. I ordered him at
that time to get up and clean the
barn and then went to the house.
When I returned to the barn I found
that Lee had not hitched up and as-
sisted him to do so, but told him that
his time would be up at the end of
the month and he might look for an-
other job. I went to the barn after
dinner and tried to settle with him,
but he wanted to bet \$20 to \$5 that
I was wrong. I told him to go to my
bookkeeper and later I convinced him
I was right. The next Monday I saw
him when I returned from work at the
barn, when he asked me if I had en-
gaged another man and I told him I
had. I told him then to go away, as
I wanted no trouble with him."

Soon after this Brunt claimed Lee
assaulted him when he called for as-
sistance.

"While at the telephone what did
you hear," asked Anderson.
"I heard my wife scream and rush-
ed upstairs and securing my revolver
went down and saw Lee fleeing when
I shot at him. I thought he meant to
do my wife bodily harm."

On cross-examination Brunt said:
"I had often seen a revolver hanging
in Lee's room in the stable even be-
fore I had seen him leave my house.
I never saw any evidence of dissipa-
tion or negligence as to his work.
I had met him at Cadiz and telegraphed
for him to come and work for me.
After our scuffle was over and I went
to call the patrol I was excited, and
when I heard my wife scream and
saw Lee leaving the house I was too
excited to call him and did not aim
at any part of his body."

County Auditor Adams, George B.
Harvey and Recorder E. M. Crosser
were called as character witnesses,
but Judge Hole would not allow them
to testify as to Brunt's reputation as
this was not at stake.

The evidence of Mrs. Brunt was

identical with that of her husband.

At 5 o'clock the case was ready for
argument and at 6:30 court adjourned
until 9 o'clock this morning.

The arguments in the case were
completed this morning and the case
was given to the jury about half an
hour before the noon adjournment.

DOC LEYDE.

A Complaint Was Entered And Leyde
Will Get a Hearing This
Afternoon.

Edward, the 14-year-old son of Will-
iam Bryan, had an experience last
evening, which it is likely he will not
soon forget.

He was engaged in hanging litho-
graphs in company with several other
boys and stopped near the vacant
store room at the corner of Fifth and
Broadway where they proposed put-
ting up some of the paper. The win-
dow was broken and a piece of glass
fell into the basement. Doc Leyde has
a tinker shop there and when the glass
fell Leyde came up the steps and dealt
the boy a blow with the cane, inflict-
ing a very painful cut on the right
side of his face.

The boy hastened to inform his
father, and together they went to the
mayor's office, where a complaint was
made.

Leyde will have a hearing this af-
ternoon at 4 o'clock.

MORE ABOUT THE CITY POOR BOARD

Mayor Davidson Will Take the
Matter Before President Mar-
shall and the Board

MAY SOON BE ESTABLISHED

The Idea Meets With Favor With
a Great Many People In
the City.

WHAT THE LAW HAS TO SAY

The disputes which have arisen be-
tween the infirmity directors, the
township trustees and the board of
health will undoubtedly result in some
permanent remedy being adopted be-
fore the matter is finally dropped.

A number of prominent citizens
have expressed themselves quite for-
cibly upon the various phases of the
question, and there is no doubt that
they meant exactly what they said.
One man said:

"Now, I don't want to be construed
as being against the homeopathic
method of practicing medicine, but I
do claim that there are people who
do not believe in the plan, and on the
other hand there are families, and
lots of them, that would have nothing
else than the medicine administered
by those practitioners. It is simply
a matter of taste and custom, and it
is my belief that no man should be
bound to accept the services of any
physician, no matter whether he has
the means to pay for the services or
not, unless he desires it. What we
need is a man or body of men who,
instead of keeping out of the way of
applicants for aid, be it medical or
otherwise, will look them up and ad-
minister to them as the occasion may
require. I am in favor of a poor
board."

A large number of residents have
expressed themselves in a similar
strain, and Mayor Davidson has taken
sufficient interest to look up the law
on the subject. He is very much in
favor of the poor board, and today
will consult President Marshall, of
council, in reference to the establish-
ment of the same. The law respect-
ing the matter, which is a part of sec-
tion 2173, reads as follows:

"The council shall provide by ordi-
nance for the appointment by the
mayor, subject to the approval of the
council, of such number of persons as
may be deemed necessary, not to ex-
ceed one in each ward, to act as over-
seers of the poor, and shall prescribe
the duties of such persons in relation
to the care of the poor, and their re-
moval, when necessary, to the infirm-
ary, but such persons shall not receive
any compensation for their services."

It will be seen that the duties of
this board would be somewhat similar
to those now performed by the town-
ship trustees, although the fact that
the law provides for the regulation of
the body by the council will enable
them to regulate the department so
as to make it conform to local condi-
tions.

Granted a Pension.

Squire McLane has received notice
that Sarah Woodburn, of this city, has
been granted a pension of \$8 per
month, with back pay from January
13, 1900.

may be deemed necessary, not to ex-

seers of the poor, and shall prescribe
the duties of such persons in relation
to the care of the poor, and their re-
moval, when necessary, to the infirm-
ary, but such persons shall not receive
any compensation for their services."

this board would be somewhat similar
to those now performed by the town-
ship trustees, although the fact that
the law provides for the regulation of
the body by the council will enable
them to regulate the department so
as to make it conform to local condi-
tions.

16TH YEAR. NO. 164.

EAST LIVERPOOL, O., THURSDAY, DECEMBER 20, 1900.

TWO CENTS

TESTIMONY IN CHRISTIE INQUEST

A Large Number of Witnesses
Were Examined by Acting
Coroner Rose.

A LARGE CROWD PRESENT

The Inquest Was Continued to 3
O'clock This Afternoon
To

HEAR SEVERAL MORE WITNESSES

The inquest in the death of Motor-
man James Christie was held today
before Acting Coroner Rose.

Prosecuting Attorney Brookes and
Dr. G. P. Ikirt examined the witnesses.

J. C. Thompson was the first wit-
ness and he spoke of a number of
trips he had made on the line, and
all but one trip had been made with
Christie as motorman. He said he
had talked to Christie in regard to the
safety. After Dr. Ikirt began ques-
tioning him he stated that all trips
made with Christie were satisfactory,
but that on one occasion his wife be-
came apprehensive and nervous be-
cause the car went down the hill a
little faster than usual.

C. A. Allison stated that he had been
a motorman on the line for six years.
He said he had run No. 7 often and it
went all right when he run it, but it
was a new car then. He said it was
a single truck car and he would not
consider such a car a safe one on such
a grade.

He stated that a stick of timber was
no good on a slipping rail, but was all
right on a dry rail, but on a dry rail
it would not be needed. He said a
motor would not hold the car on a
slippery rail.

James McKinnon testified that he
had been seven or eight years in the
street car business and he would not
consider the log a modern appliance
for stopping a car. He said the
wrecked car was a second-hand car
when it came here. With the best
motors in the world and brakes in per-
fect order, in his opinion, it would be
a car without modern improvements.

James Allison stated that he had
operated No. 7 and had never had any
trouble with the car. He stated that
there was a timber on the car, but he
had never used it. He would not con-
sider it a modern appliance on a slip-
pery track. He would consider that
car a safe car to operate. He stated
that Christie was the best motorman
on the road. He said the timber would
only stop the car when there was
something to catch on, and he did not
think it was a modern improvement.

William Coleman, inspector at the
power house, and said his duties were
to look after the machinery and re-
pairs to the cars. He said he under-
stood the construction of motor cars
and that the cars on the East Liver-
pool line had as good and modern im-
provements as any other line. He
stated that No. 7 was always a good
car, and when it was put on the ex-
tension it was better than ever. He
fixed the timber at the front of the
car at the order of Mr. Healy. He said
he would consider it a pretty steep
grade up the Calcutta road and thought
the car was well enough equipped to
run on that grade.

He said it was a hard matter to get
anything to stop a runaway on a

grade with a slippery rail, and the
use of salt was rather a detriment
than otherwise.

In answer to questions of Dr. Ikirt
he stated that any car in the world
would have met with the same fate,
and he never heard of a grip being
used with any success.

Thomas Jones testified that he had
run car No. 7 one evening on the
Grandview line and he had no trouble
in controlling the car.

He told of the supposed safety de-
vice and said it was an ordinary street
car tie. He let it down once, but it
had no effect. Christie told him he
had used it once to satisfy himself,
and it had worked. He would not say
whether it was a modern appliance.
Jones said they used from 10 to 20
buckets of sand per day on the line.

Harry Smith stated that he made
one trip down. He said the device
was a peculiar invention to East Liver-
pool and on hilltop lines in Pitts-
burg there are cut off switches and
the outside rail on curves is always
elevated. He said he did not ride
down as often as he did up, because
he did not consider it safe to do so.
He said he had communicated his fears
to his wife.

Gus Brandenburg said he had been
a motorman for 14 years and had spent
three years in Cleveland and three
years in Boston in the business. He
had operated car No. 7 and it was per-
haps better than the local cars, as all
the men preferred it. He had never
worked on the Calcutta extension, but
knew the superintendent had given
orders to have extra care taken of
car No. 7 each evening. He stated
that if anything was above the rail
to catch the timber it would be all
right, but if not it was no good.

Joseph Herner said he lived 60 feet
from the scene of the accident and
on Monday heard the car approach-
ing. It was going so fast he could not
see any one in it. He saw the stick of
timber at the curb with wheel marks
on it. He also stated that the timber
acted as a bridge to help the car
over.

J. T. Smith said he was accustomed
to riding up and down on the car. He
described the brakes and trucks of
the car and said Christie had told him
about them. He said Christie had
told him the car was safe, being light
and equipped with powerful motors.
He always considered Christie a very
careful man, and he always seemed
to have perfect control of the car.

One wet morning Christie told him
they were having some trouble on
account of wet tracks. The witness
then stated that he would not con-
sider it a safe or modern car. He
said if there had been room to let the
log run under the wheels it would
have been some good, but the way it
was, it was useless unless the bricks
stuck up. With the conditions the
way they were Monday the log would
not have stopped the car unless it hit
an obstruction. The car was going
so fast the inmates could not be seen.
He could not tell whether the motor-
man was killed when the car hit the
shoe shop or at the house. The wit-
ness also said the outer rail at the
curve was not elevated. He stated
that he thought a double truck car
would make the line safe.

Court adjourned at 12:30 o'clock un-
til 3 o'clock this afternoon when the
inquest will be continued.

Dr. W. R. Clark, Mrs. Harry Smith,
Mrs. M. R. McKinnon, Mrs. Charles
McKee, Dr. R. J. Marshall, L. W.
Healy and Chief Morley are to be ex-
amined this afternoon.

Conductor James Morgan is unable
to be present at the inquest.

—Robert McBane, of Pittsburg, is a
guest at the home of Mr. and Mrs.
T. Mills Bennett, Avondale street.

JURY NOW HAS THE BRUNT CASE

The Evidence Was All In Yester-
day Afternoon and the Argu-
ments Were Made

AT THIS MORNING'S SESSION

Brunt Testified In His Own Be-
half and Told the Story of
the Tragedy.

JUDGE HOLE MADE A RULING

Lisbon, Dec. 20.—(Special.)—The
case of W. K. Gaston, administrator,
against George F. Brunt, which has
been on trial since noon Tuesday, was
given to the jury at 7:10 last even-
ing. The final evidence was put in
about 3 o'clock and two hours were
allowed to a side for argument.

The defendant, George F. Brunt,
was put on the stand about 2 o'clock
and the direct examination was made
by Attorney W. S. Anderson, of
Youngstown, and Judge P. M. Smith
subjected him to a rigid cross-exami-
nation.

On direct cross-examination Brunt
stated that on October 22, 1898, he
hired Lee to work for him and that he
worked less than two months when
he was discharged because he would
not attend to business.

"I was expecting a horse by freight
on the day I discharged him," said
Mr. Brunt, "and on going to the barn
found Lee in bed. I ordered him at
that time to get up and clean the
barn and then went to the house.
When I returned to the barn I found
that Lee had not hitched up and as-
sisted him to do so, but told him that
his time would be up at the end of
the month and he might look for an-
other job. I went to the barn after
dinner and tried to settle with him,
but he wanted to bet \$20 to \$5 that
I was wrong. I told him to go to my
bookkeeper and later I convinced him
I was right. The next Monday I saw
him when I returned from work at the
barn, when he asked me if I had en-
gaged another man and I told him I
had. I told him then to go away, as
I wanted no trouble with him."

Soon after this Brunt claimed Lee
assaulted him when he called for as-
sistance.

"While at the telephone what did
you hear?" asked Anderson.

"I heard my wife scream and rush-
ed upstairs and securing my revolver
went down and saw Lee fleeing when
I shot at him. I thought he meant to
do my wife bodily harm."

On cross-examination Brunt said:
"I had often seen a revolver hanging
in Lee's room in the stable even be-
fore I had seen him leave my house.
I never saw any evidence of dissipa-
tion or negligence as to his work.
I had met him at Cadiz and telegraphed
for him to come and work for me.
After our scuffle was over and I went
to call the patrol I was excited, and
when I heard my wife scream and
saw Lee leaving the house I was too
excited to call him and did not aim
at any part of his body."

County Auditor Adams, George B.
Harvey and Recorder E. M. Crosser
were called as character witnesses,
but Judge Hole would not allow them
to testify as to Brunt's reputation as
this was not at stake.

The evidence of Mrs. Brunt was

identical with that of her husband.

At 5 o'clock the case was ready for
argument and at 6:30 court adjourned
until 9 o'clock this morning.

The arguments in the case were
completed this morning and the case
was given to the jury about half an
hour before the noon adjournment.

DOC LEYDE.

HIT A SMALL BOY ACROSS THE
FACE WITH A CANE.

A Complaint Was Entered And Leyde
Will Get a Hearing This
Afternoon.

Edward, the 14-year-old son of Will-
iam Bryan, had an experience last
evening, which it is likely he will not
soon forget.

He was engaged in hanging litho-
graphs in company with several other
boys and stopped near the vacant
store room at the corner of Fifth and
Broadway where they proposed put-
ting up some of the paper. The win-
dow was broken and a piece of glass
fell into the basement. Doc Leyde has
a tinker shop there and when the glass
fell Leyde came up the steps and dealt
the boy a blow with the cane, inflict-
ing a very painful cut on the right
side of his face.

The boy hastened to inform his
father, and together they went to the
mayor's office, where a complaint was
made.

Leyde will have a hearing this af-
ternoon at 4 o'clock.

MORE ABOUT THE CITY POOR BOARD

Mayor Davidson Will Take the
Matter Before President Mar-
shall and the Board

MAY SOON BE ESTABLISHED

The Idea Meets With Favor With
a Great Many People In
the City.

WHAT THE LAW HAS TO SAY

The disputes which have arisen be-
tween the infirmity directors, the
township trustees and the board of
health will undoubtedly result in some
permanent remedy being adopted be-
fore the matter is finally dropped.

A number of prominent citizens
have expressed themselves quite for-
cibly upon the various phases of the
question, and there is no doubt that
they meant exactly what they said.
One man said:

"Now, I don't want to be construed
as being against the homeopathic
method of practicing medicine, but I
do claim that there are people who
do not believe in the plan, and on the
other hand there are families, and
lots of them, that would have nothing
else than the medicine administered
by those practitioners. It is simply
a matter of taste and custom, and it
is my belief that no man should be
bound to accept the services of any
physician, no matter whether he has
the means to pay for the services or
not, unless he desires it. What we
need is a man or body of men who,
instead of keeping out of the way of
applicants for aid, be it medical or
otherwise, will look them up and ad-
minister to them as the occasion may
require. I am in favor of a poor
board."

A large number of residents have
expressed themselves in a similar
strain, and Mayor Davidson has taken
sufficient interest to look up the law
on the subject. He is very much
in favor of the poor board, and today
will consult President Marshall, of
council, in reference to the establish-
ment of the same. The law respect-
ing the matter, which is a part of sec-
tion 2173, reads as follows:

"The council shall provide by ordi-
nance for the appointment by the
mayor, subject to the approval of the
council, of such number of persons as
may be deemed necessary, not to ex-
ceed one in each ward, to act as over-
seers of the poor, and shall prescribe
the duties of such persons in relation
to the care of the poor, and their re-
moval, when necessary, to the infirm-
ary, but such persons shall not receive
any compensation for their services."
It will be seen that the duties of
this board would be somewhat similar
to those now performed by the town-
ship trustees, although the fact that
the law provides for the regulation of
the body by the council will enable
them to regulate the department so
as to make it conform to local condi-
tions.

Marc M. Reynolds, managing editor of Pearson's Magazine, was in the city yesterday.

The magazine in the February number will give a history of Ohio and its industries and East Liverpool was selected as one of the cities on account of the pottery industry.

Mr. Reynolds spent the entire afternoon going over the Knowles, Taylor & Knowles plant in company with Attorney G. Y. Travis and Colonel W. A. Rhodes.

This city should get much valuable advertisement out of the article.

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for thirty years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to the other trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular and at times very distressing. I ran down so that I could hardly help myself; doctors treated me. I took a power of stuff and I had given up all hope of being cured when I saw Doan's Kidney Pills advertised as a never-failing remedy. I got a box at the W. & W. pharmacy, and after taking half of it I could see some improvement. I continued and the treatment did me more good than anything I ever used."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

TRADES' COUNCIL.

ONLY ONE DELEGATE SEATED AT LAST NIGHT'S MEETING.

An Interesting Discussion Had in Regard to Whether the Membership be Reduced.

Trades Council met last night in regular session, but the attendance was small and nothing more important than routine business was considered.

John Michaels was the only new delegate seeking admission, and he came from the carpenters' union. The credential committee passed upon his case and the delegate was made a full fledged member.

It was decided to postpone the entertainment which had been arranged for this year, until the third Wednesday in January, in order to permit those in charge of the affair to make it a complete success.

Under the head of good and welfare of the body some discussion was indulged in respecting the advisability of cutting down the representation in the council.

In the opinion of a majority of those present the quota from each organization should be cut to three instead of five, as at present.

John G. Wedgewood Has Returned to This City After Doing Service in the Army.

John G. Wedgewood arrived home from Baltimore last Monday after a siege of chills and fever in a hospital in that city.

Young Wedgewood was discharged from the regular army on August 24, and had spent several months with the Seventh cavalry in Cuba. The young man was ill a great deal of the time while in the service, and has concluded to stay in the United States.

"If I were sick and wanted to get well, I'd find out how some one else got well who had the same sort of sickness as mine."

If your sickness is like hers, Mrs. Jacobs' story will interest you.

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Felton, Kent Co., Delaware, "and our family doctor said I had consumption. I thought I must die soon for I felt so awful bad. Had a bad cough, spit blood, was very short of breath, had pains in my chest and right lung, and also had dyspepsia. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets' I was so weak I could not sweep a room, and now I can do a small washing, and I feel like a new person. I believe that the Lord and your medicine have saved my life. I was sick over two years. I took 13 bottles of the 'Golden Medical Discovery,' and four vials of Dr. Pierce's Pellets."

Are you sick? Are your lungs "weak?" Have you obstinate lingering cough, with bleeding lungs, weakness and emaciation? Thousands in just your case have been cured by the use of

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

It always helps. It almost always cures. Sick persons are invited to consult Dr. Pierce by letter absolutely without fee or charge. All correspondence is strictly private. Write and get a specialist's opinion on your case, free. Address Dr. R. V. Pierce, Buffalo, N. Y.

EAST END.

New Lights Satisfactory.

The gas lamps that have been in course of erection in the East End for the past few days were lighted last night and proved most satisfactory.

Sixteen lamps have been placed in operation at various points in this section of the city, and since the service has been so satisfactory several more applications have been made for lights. Consequently Fireman Hamilton came to the city this morning and procured two more lamps. They will be located at the extreme east end of the city.

One will be placed at the corner of Andrews and Pennsylvania avenues and the other at Pennsylvania and Neville avenues, and will be put up at once.

Morgan is Very Ill.

Conductor James Morgan, who was injured in the fatal street car accident on Calcutta road a few nights ago, is not so well as he has been and complications have set in which may result in his death.

Yesterday afternoon his right leg was seized with a jerking sensation of the nerves in that member, and by night the ailment had passed up to the stomach and bowels in the form of cramps.

The attending physician was summoned at 2 o'clock this morning, and at that time he was very ill. Dr. Marshall asserts that these troubles are an indication of internal injuries, and these may result in his death.

Out for a Week.

The light at the Mulberry street railroad crossing has been out for a week and the residents have become tired of groping about in the dark at that point. The light company have been notified and have promised to remedy the matter.

Will Hold Meetings.

The Free Methodists have about completed the plans for the interior arrangement of their new quarters. They expect to have the rooms ready for the holding of meetings within the next 10 days.

To Visit in Wheeling.

Mrs. Frank Allison and daughter, Miss Lillie, have gone to Wheeling for a visit with Mrs. Allison's parents, who reside in that city.

Has Typhoid Fever.

The seven-year-old daughter of Mr. and Mrs. Thomas Strain, of St. George street, is very ill with typhoid fever.

East End Notes.

Miss Myrtle Hays will leave on Saturday for the home of her parents in Hookstown, where she will spend Christmas.

Miss Effie Ralston, of Mechanics-town, is a guest at the home of Samuel Searight, St. George street.

LOCAL BREVITIES.

Tomorrow will be the last day of school for two weeks.

Mrs. Sarah Martin is ill at the home of Mrs. Robert McMillan, Fifth street.

Fifty baskets of ware were this morning shipped to Allegheny on the market car on the early train.

W. J. Wykert, of Mingo, has accepted a position as roller at the outbound platform of the freight station.

Work was commenced yesterday tearing down the Metsch house by the Cleveland & Pittsburg Railroad company.

The lecture of W. Hinton White will not commence this evening until 8:30 o'clock. He will lecture on the Paris Exposition.

The kilnhands of the William Brunt pottery drew the last kiln Tuesday, and the entire plant is shut down for the holidays.

John McFadden, of Franklin street, will remove with his family to Scotland within a few weeks, where they will in the future reside.

William Huff, who is studying for the ministry at Greenville, Texas, arrived in the city yesterday afternoon for a visit of 10 days with Elmer Huff.

Mrs. Joseph Sheets, who resides near the Spring Grove campground, has been ill with consumption for many weeks, and her death is thought to be the matter of but a few days.

Wyllie Farmer, who was arrested yesterday afternoon for disorderly conduct, was fined \$10 and costs and was taken to the Canton workhouse by Chief Thompson in company with Doe Fortune.

The employees of the clay shops at the D. B. McNicol pottery suspended operations yesterday for a loaf of two weeks. The department will resume operations on the Thursday after the new year.

The middle weights and picked team will play a game of basket ball at the Y. M. C. A. rooms on Friday evening. An attempt will be made to raise enough money to bring the Sewickley team here on New Year's.

The 17-months-old child of Mr. and Mrs. Robbins died last night at their home on Sheridan avenue. The funeral will take place from the late residence tomorrow at 1 p. m. Interment at Riverview cemetery.

Word was received yesterday by friends in this city from the family of Conductor Coughanour, and is to the effect that the injured man is doing as well as could be expected, although he is still in the hospital.

Will Kelly, who has been ill with consumption for several weeks, left yesterday afternoon for Cleveland, where he expects to enter the Lakeside hospital. He was accompanied by T. E. Nagle and Dr. W. A. Hobbs.

The funeral of Motorman Christie was held at Wellsville yesterday afternoon and was in charge of the Street Railway Men's union. Rev. J. R. Greene, officiated. The floral offerings were very profuse and beautiful.

All boats have been delayed by the heavy fog of the past few days. The Hudson, which was due up Tuesday, passed up today and the Lorena and Greenwood are due up this evening. The Ben Hur and Urania, which were due up yesterday, passed this port today.

TWO CENTS

TESTIMONY IN CHRISTIE INQUEST

A Large Number of Witnesses
Were Examined by Acting
Coroner Rose.

A LARGE CROWD PRESENT

The Inquest Was Continued to 3
O'clock This Afternoon
To

HEAR SEVERAL MORE WITNESSES

The inquest in the death of Motor-
man James Christie was held today
before Acting Coroner Rose.

Prosecuting Attorney Brookes and
Dr. G. P. Ikirt examined the witnesses.

J. C. Thompson was the first wit-
ness and he spoke of a number of
trips he had made on the line, and
all but one trip had been made with
Christie as motorman. He said he
had talked to Christie in regard to the
safety. After Dr. Ikirt began ques-
tioning him, he stated that all trips
made with Christie were satisfactory,
but that on one occasion his wife be-
came apprehensive and nervous be-
cause the car went down the hill a
little faster than usual.

C. A. Allison stated that he had been
a motorman on the line for six years.
He said he had run No. 7 often and it
went all right when he run it, but it
was a new car then. He said it was
a single truck car and he would not
consider such a car a safe one on such
a grade.

He stated that a stick of timber was
no good on a slipping rail, but was all
right on a dry rail, but on a dry rail
it would not be needed. He said a
motor would not hold the car on a
slippery rail.

James McKinnon testified that he
had been seven or eight years in the
street car business and he would not
consider the log a modern appliance
for stopping a car. He said the
wrecked car was a second-hand car
when it came here. With the best
motors in the world and brakes in per-
fect order, in his opinion, it would be
a car without modern improvements.

James Allison stated that he had
operated No. 7 and had never had any
trouble with the car. He stated that
there was a timber on the car, but he
had never used it. He would not con-
sider it a modern appliance on a slip-
pery track. He would consider that
car a safe car to operate. He stated
that Christie was the best motorman
on the road. He said the timber would
only stop the car when there was
something to catch on, and he did not
think it was a modern improvement.

William Coleman, inspector at the
power house, and said his duties were
to look after the machinery and re-
pairs to the cars. He said he under-
stood the construction of motor cars
and that the cars on the East Liver-
pool line had as good and modern im-
provements as any other line. He
stated that No. 7 was always a good
car, and when it was put on the ex-
tension it was better than ever. He
fixed the timber at the front of the
car at the order of Mr. Healy. He said
he would consider it a pretty steep
grade up the Calcutta road and thought
the car was well enough equipped to
run on that grade.

He said it was a hard matter to get
anything to stop a runaway on a

grade with a slippery rail, and the
use of salt was rather a detriment
than otherwise.

In answer to questions of Dr. Ikirt
he stated that any car in the world
would have met with the same fate,
and he never heard of a grip being
used with any success.

Thomas Jones testified that he had
run car No. 7 one evening on the
Grandview line and he had no trouble
in controlling the car.

He told of the supposed safety de-
vice and said it was an ordinary street
car tie. He let it down once, but it
had no effect. Christie told him he
had used it once to satisfy himself,
and it had worked. He would not say
whether it was a modern appliance. Jones
said they used from 10 to 20
buckets of sand per day on the line.

Harry Smith stated that he made
one trip down. He said the device
was a peculiar invention to East Liv-
erpool and on hilltop lines in Pitts-
burg there are cut off switches and
the outside rail on curves is always
elevated. He said he did not ride
down as often as he did up, because
he did not consider it safe to do so.
He said he had communicated his fears
to his wife.

Gus Brandenburg said he had been
a motorman for 14 years and had spent
three years in Cleveland and three
years in Boston in the business. He
had operated car No. 7 and it was per-
haps better than the local cars, as all
the men preferred it. He had never
worked on the Calcutta extension, but
knew the superintendent had given
orders to have extra care taken of
car No. 7 each evening. He stated
that if anything was above the rail
to catch the timber it would be all
right, but if not it was no good.

Joseph Herner said he lived 60 feet
from the scene of the accident and
on Monday heard the car approach-
ing. It was going so fast he could not
see any one in it. He saw the stick of
timber at the curb with wheel marks
on it. He also stated that the timber
acted as a bridge to help the car
over.

J. T. Smith said he was accustomed
to riding up and down on the car. He
described the brakes and trucks of
the car and said Christie had told him
about them. He said Christie had
told him the car was safe, being light
and equipped with powerful motors.
He always considered Christie a very
careful man, and he always seemed
to have perfect control of the car.
One wet morning Christie told him
they were having some trouble on
account of wet tracks. The witness
then stated that he would not con-
sider it a safe or modern car. He
said if there had been room to let the
log run under the wheels it would
have been some good, but the way it
was, it was useless unless the bricks
stuck up. With the conditions the
way they were Monday the log would
not have stopped the car unless it hit
an obstruction. The car was going
so fast the inmates could not be seen.
He could not tell whether the motor-
man was killed when the car hit the
shoe shop or at the house. The wit-
ness also said the outer rail at the
curve was not elevated. He stated
that he thought a double truck car
would make the line safe.

Court adjourned at 12:30 o'clock un-
til 3 o'clock this afternoon when the
inquest will be continued.
Dr. W. R. Clark, Mrs. Harry Smith,
Mrs. M. R. McKinnon, Mrs. Charles
McKee, Dr. R. J. Marshall, L. W.
Healy and Chief Morley are to be ex-
amined this afternoon.

Conductor James Morgan is unable
to be present at the inquest.

—Robert McBane, of Pittsburg, is a
guest at the home of Mr. and Mrs.
T. Mills Bennett, Avondale street.

JURY NOW HAS THE BRUNT CASE

The Evidence Was All In Yester-
day Afternoon and the Argu-
ments Were Made

AT THIS MORNING'S SESSION

Brunt Testified In His Own Be-
half and Told the Story of
the Tragedy.

JUDGE HOLE MADE A RULING

Lisbon, Dec. 20.—(Special.)—The
case of W. K. Gaston, administrator,
against George F. Brunt, which has
been on trial since noon Tuesday, was
given to the jury at 7:10 last even-
ing. The final evidence was put in
about 3 o'clock and two hours were
allowed to a side for argument.

The defendant, George F. Brunt,
was put on the stand about 2 o'clock
and the direct examination was made
by Attorney W. S. Anderson, of
Youngstown, and Judge P. M. Smith
subjected him to a rigid cross-exami-
nation.

On direct cross-examination Brunt
stated that on October 22, 1898, he
hired Lee to work for him and that he
worked less than two months when
he was discharged because he would
not attend to business.

"I was expecting a horse by freight
on the day I discharged him," said
Mr. Brunt, "and on going to the barn
found Lee in bed. I ordered him at
that time to get up and clean the
barn and then went to the house.
When I returned to the barn I found
that Lee had not hitched up and as-
sisted him to do so, but told him that
his time would be up at the end of
the month and he might look for an-
other job. I went to the barn after
dinner and tried to settle with him,
but he wanted to bet \$20 to \$5 that
I was wrong. I told him to go to my
bookkeeper and later I convinced him
I was right. The next Monday I saw
him when I returned from work at the
barn, when he asked me if I had en-
gaged another man and I told him I
had. I told him then to go away, as
I wanted no trouble with him."

Soon after this Brunt claimed Lee
assaulted him when he called for as-
sistance.

"While at the telephone what did
you hear?" asked Anderson.

"I heard my wife scream and rush-
ed upstairs and securing my revolver
went down and saw Lee fleeing when
I shot at him. I thought he meant to
do my wife bodily harm."

On cross-examination Brunt said:
"I had often seen a revolver hanging
in Lee's room in the stable even be-
fore I had seen him leave my house.
I never saw any evidence of dissi-
pation or negligence as to his work.
I had met him at Cadiz and telegraph-
ed for him to come and work for me.
After our scuffle was over and I went
to call the patrol I was excited, and
when I heard my wife scream and
saw Lee leaving the house I was too
excited to call him and did not aim
at any part of his body."

County Auditor Adams, George B.
Harvey and Recorder E. M. Crosser
were called as character witnesses,
but Judge Hole would not allow them
to testify as to Brunt's reputation as
this was not at stake.

The evidence of Mrs. Brunt was

identical with that of her husband.

At 5 o'clock the case was ready for
argument and at 6:30 court adjourned
until 9 o'clock this morning.

The arguments in the case were
completed this morning and the case
was given to the jury about half an
hour before the noon adjournment.

DOC LEYDE.

HIT A SMALL BOY ACROSS THE
FACE WITH A CANE.

A Complaint Was Entered And Leyde
Will Get a Hearing This
Afternoon.

Edward, the 14-year-old son of Will-
iam Bryan, had an experience last
evening, which it is likely he will not
soon forget.

He was engaged in hanging litho-
graphs in company with several other
boys and stopped near the vacant
store room at the corner of Fifth and
Broadway where they proposed put-
ting up some of the paper. The win-
dow was broken and a piece of glass
fell into the basement. Doc Leyde has
a tinker shop there and when the glass
fell Leyde came up the steps and dealt
the boy a blow with the cane, inflict-
ing a very painful cut on the right
side of his face.

The boy hastened to inform his
father, and together they went to the
mayor's office, where a complaint was
made.

Leyde will have a hearing this af-
ternoon at 4 o'clock.

MORE ABOUT THE CITY POOR BOARD

Mayor Davidson Will Take the
Matter Before President Mar-
shall and the Board

MAY SOON BE ESTABLISHED

The Idea Meets With Favor With
a Great Many People In
the City.

WHAT THE LAW HAS TO SAY

The disputes which have arisen be-
tween the infirmity directors, the
township trustees and the board of
health will undoubtedly result in some
permanent remedy being adopted be-
fore the matter is finally dropped.

A number of prominent citizens
have expressed themselves quite for-
cibly upon the various phases of the
question, and there is no doubt that
they meant exactly what they said.
One man said:

"Now, I don't want to be construed
as being against the homeopathic
method of practicing medicine, but I
do claim that there are people who
do not believe in the plan, and on the
other hand there are families, and
lots of them, that would have nothing
else than the medicine administered
by those practitioners. It is simply
a matter of taste and custom, and it
is my belief that no man should be
bound to accept the services of any
physician, no matter whether he has
the means to pay for the services or
not, unless he desires it. What we
need is a man or body of men who,
instead of keeping out of the way of
applicants for aid, be it medical or
otherwise, will look them up and ad-
minister to them as the occasion may
require. I am in favor of a poor
board."

A large number of residents have
expressed themselves in a similar
strain, and Mayor Davidson has taken
sufficient interest to look up the law
on the subject. He is very much
in favor of the poor board, and today
will consult President Marshall, of
council, in reference to the establish-
ment of the same. The law respect-
ing the matter, which is a part of sec-
tion 2173, reads as follows:

"The council shall provide by ordi-
nance for the appointment by the
mayor, subject to the approval of the
council, of such number of persons as
may be deemed necessary, not to ex-
ceed one in each ward, to act as over-
seers of the poor, and shall prescribe
the duties of such persons in relation
to the care of the poor, and their re-
moval, when necessary, to the infirm-
ary, but such persons shall not receive
any compensation for their services."

It will be seen that the duties of
this board would be somewhat similar
to those now performed by the town-
ship trustees, although the fact that
the law provides for the regulation of
the body by the council will enable
them to regulate the department so
as to make it conform to local condi-
tions.

Granted a Pension.

Squire McLane has received notice
that Sarah Woodburn, of this city, has
been granted a pension of \$8 per
month, with back pay from January,

AN EDITOR HERE.

Made a Tour of Inspection of the Knowles, Taylor & Knowles Pottery Yesterday.

Marc M. Reynolds, managing editor of Pearson's Magazine, was in the city yesterday.

The magazine in the February number will give a history of Ohio and its industries and East Liverpool was selected as one of the cities on account of the pottery industry.

Mr. Reynolds spent the entire afternoon going over the Knowles, Taylor & Knowles plant in company with Attorney G. Y. Travis and Colonel W. A. Rhodes.

This city should get much valuable advertisement out of the article.

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for thirty years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to the other trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular and at times very distressing. I ran down so that I could hardly help myself; doctors treated me. I took a power of stuff and I had given up all hope of being cured when I saw Doan's Kidney Pills advertised as a never-failing remedy. I got a box at the W. & W. pharmacy, and after taking half of it I could see some improvement. I continued and the treatment did me more good than anything I ever used."

TRADES' COUNCIL.

ONLY ONE DELEGATE SEATED AT LAST NIGHT'S MEETING.

An Interesting Discussion Had in Regard to Whether the Membership be Reduced.

Trades Council met last night in regular session, but the attendance was small and nothing more important than routine business was considered.

John Michaels was the only new delegate seeking admission, and he came from the carpenters' union. The credential committee passed upon his case and the delegate was made a full fledged member.

It was decided to postpone the entertainment which had been arranged for this year, until the third Wednesday in January, in order to permit those in charge of the affair to make it a complete success.

Under the head of good and welfare of the body some discussion was indulged in respecting the advisability of cutting down the representation in the council.

In the opinion of a majority of those present the quota from each organization should be cut to three instead of five, as at present.

John G. Wedgewood Has Returned to This City After Doing Service in the Army.

John G. Wedgewood arrived home from Baltimore last Monday after a siege of chills and fever in a hospital in that city.

Young Wedgewood was discharged from the regular army on August 24, and had spent several months with the Seventh cavalry in Cuba. The young man was ill a great deal of the time while in the service, and has concluded to stay in the United States.

"If I were sick and wanted to get well, I'd find out how some one else got well who had the same sort of sickness as mine."

If your sickness is like hers, Mrs. Jacobs' story will interest you.

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Felton, Kent Co., Delaware, "and our family doctor said I had consumption. I thought I must die soon for I felt so awful bad. Had a bad cough, spit blood, was very short of breath, had pains in my chest and right lung, and also had dyspepsia. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets' I was so weak I could not sweep a room, and now I can do a small washing, and I feel like a new person. I believe that the Lord and your medicine have saved my life. I was sick over two years. I took 13 bottles of the 'Golden Medical Discovery,' and four vials of Dr. Pierce's Pellets."

Are you sick? Are your lungs "weak?" Have you obstinate lingering cough, with bleeding lungs, weakness and emaciation? Thousands in just your case have been cured by the use of

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

It always helps. It almost always cures. Sick persons are invited to consult Dr. Pierce by letter absolutely without fee or charge. All correspondence is strictly private. Write and get a specialist's opinion on your case, free. Address Dr. R. V. Pierce, Buffalo, N. Y.

EAST END.

New Lights Satisfactory.

The gas lamps that have been in course of erection in the East End for the past few days were lighted last night and proved most satisfactory.

Sixteen lamps have been placed in operation at various points in this section of the city, and since the service has been so satisfactory several more applications have been made for lights. Consequently Fireman Hamilton came to the city this morning and procured two more lamps. They will be located at the extreme east end of the city.

One will be placed at the corner of Andrews and Pennsylvania avenues and the other at Pennsylvania and Neville avenues, and will be put up at once.

Morgan is Very Ill.

Conductor James Morgan, who was injured in the fatal street car accident on Calcutta road a few nights ago, is not so well as he has been and complications have set in which may result in his death.

Yesterday afternoon his right leg was seized with a jerking sensation of the nerves in that member, and by night the ailment had passed up to the stomach and bowels in the form of cramps.

The attending physician was summoned at 2 o'clock this morning, and at that time he was very ill. Dr. Marshall asserts that these troubles are an indication of internal injuries, and these may result in his death.

Out for a Week.

The light at the Mulberry street railroad crossing has been out for a week and the residents have become tired of groping about in the dark at that point. The light company have been notified and have promised to remedy the matter.

Will Hold Meetings.

The Free Methodists have about completed the plans for the interior arrangement of their new quarters. They expect to have the rooms ready for the holding of meetings within the next 10 days.

To Visit in Wheeling.

Mrs. Frank Allison and daughter, Miss Lillie, have gone to Wheeling for a visit with Mrs. Allison's parents, who reside in that city.

Has Typhoid Fever.

The seven-year-old daughter of Mr. and Mrs. Thomas Strain, of St. George street, is very ill with typhoid fever.

East End Notes.

Miss Myrtle Hays will leave on Saturday for the home of her parents in Hookstown, where she will spend Christmas.

Miss Effie Ralston, of Mechanics-town, is a guest at the home of Samuel Searight, St. George street.

A BAD FALL

Frank W. Poland Tried to Get on a Rapidly Moving Street Car.

F. W. Poland had a bad fall yesterday while attempting to board a west bound street car at the corner of Sixth and West Market street.

The gentleman came out of the feed store of Faulk Bros., and evidently misjudged the speed of the car. He laid hold upon the handles and was thrown to the pavement with some force.

His right shoulder was considerably bruised and he was otherwise badly shaken up.
